

Aiken County Government

Bid 16-13-B E-Waste Disposal on Contract

SCOPE OF WORK:

Aiken County is soliciting qualified vendors to provide transportation, recycling and disposal services for electronic waste. This will be a five (5) year contract. The vendor must remove items from the County's storage facility which is located at 124 Ascauga Lake Road, Graniteville, SC, 29829. Items will need to be transported to the Aiken County Barden Landfill (411 Connector Road, Graniteville, SC, located approximately four (4) miles from storage location) to be weighed prior to being transported to the vendor's destination(s). If the vendor would prefer to transport items to an independently owned/operated, state-certified scale at their expense. A County representative must accompany the load and a copy of the load's weigh ticket must be provided to the County representative. The vendor must deliver a trailer within a four week period of receiving the request for services. The vendor must furnish the necessary supervision, labor, tools and equipment to remove all palletized materials and dispose of them in accordance with all applicable federal, state and local laws and regulations. The vendor will be responsible for providing pallets and/or Gaylord boxes, stretch/shrink wrap or other materials that the vendor would like to be used for securing the waste materials prior to shipping.

HISTORY:

The County has been palletizing all materials, grouping them together such that items can more easily be identified for accounting. The County will continue to provide the necessary labor to source-separate materials and secure them to shipping pallets or boxes. The County will advise the vendor of the number of pallets or Gaylord boxes that are available for pickup. We have not asked for less than 14 pallets to be removed (a trailer load) at any single time.

The County has a forklift, on site, and will provide an operator to load the materials. A loading dock and ramp is located at the storage facility.

The quantity of materials shipped, in calendar year 2014, is included in the BID PRICE SHEET for reference. We estimate to have similar materials and quantities, annually, for shipping during the contract period.

Questions concerning this solicitation must be submitted in writing to Aiken County Procurement at procurement@aikencountysc.gov. Questions will be accepted until 5:00 p.m. on January 12, 2016 and the answers will be published on our website before 5:00 p.m. January 15, 2016 at <https://www.aikencountysc.gov/Depts/PRC/PRCmain.php>.
